BEST FOR: LANDSCAPES & COASTAL WORKS

Archival Matte

A soft, non-reflective surface that reveals the atmospheric depth in Fleming's coastal and landscape series. Ideal for The Yellow Boat, Landscape for Dreamers, and A Corner in the Mediterranean. Museum-grade, acid-free, 100+ year archival rating.

BEST FOR: FLORALS, PORTRAITS & CHARACTERS

Giclée Fine Art

The gold standard of fine art printing. Exceptional colour depth and archival permanence. Recommended for Bloom Unbound, The Cowgirl, The White Rabbit, and all character portraits. Each print is signed and numbered by the artist.

BEST FOR: STATEMENT & LARGE FORMAT PIECES

Gallery Canvas

Stretched canvas wrap for a painterly, frameless presentation. Brings VivRo's fluid oil aesthetic to life dimensionally. Perfect for The Tower That the Forest Kept, Two — A Portrait of Horses, and Lake Como large formats.

BEST FOR: BOLD ABSTRACTS & EQUINE WORKS

Metallic Luster

A luminous finish that amplifies chromatic intensity. Exceptional for Two — A Portrait of Horses, Bougainvillea Explosion, and abstract works where colour is the primary subject. Striking under gallery and interior lighting.
